

THE PARADIGM SHIFT – PART 2

3. GIFTS & WORLDS

- a. God's gifts, (James 1:17), when used, create worlds, (Eph. 3:20-21). These worlds are called sub-worlds or disciplines. On one level we all live in the world, (Ps. 24:1a), and on another level we also live in various sub-worlds, (Ps. 24:1b). God's gifts in operation create fulness.
- b. The primary job of the believer is to **occupy** in these sub-worlds, (Luke 19:13), knowing that absence from these sub-worlds create voids which are easily and readily filled by demonic squatters, (2 Cor. 4:3-4).
- c. Christianity's active **presence** and sustained **relevance** in these sub-worlds is how the Kingdom of God is **revealed** and **advanced**. (Matt. 13:33)

4. GOVERNANCE:

In God's Kingdom and in major organizations governance is everything.

Governance is the control, the oversight, and the steering of an organization with a focus on people, policies, and practices.

The presence of or the lack of governance can be seen in the following ways:

In God's Kingdom and in major organizations governance is everything. The presence of or the lack of governance can be seen in the following ways:

- **Structural** – How work is performed within a structural framework.
- **Attitudinal** – How individuals respond to instructions and or correction.
- **Efficiency** – How individuals respond to organizational communication (i.e. emails, voicemails, memos etc.).
- **Productivity** – How individuals deliver on stated requests or deliverables.
- **Mission & Vision Adherence** – Work that understands and advances both.
- **Brand Awareness** – Work that understands and complies with the brand.
- **Policy Judgment** – Eliminating the need for humans to measure hearts.

Strong Governance Reveals:

- An Organization's **Speed** = Done & Stood Fast. (Ps. 33:9)
- An Organization's **Level** = Challenge & Nevertheless. (Luke 5:5)
- An Organization's **Results** = Net Breaking & Boat Sinking. (Luke 5:6-7)
- An Organization's **Value** = Quality Of Governors

Conclusion: A Kingdom without governance is no Kingdom at all! (Judges 21:25)
